THE LATEST.

A secret papal consistory will be celebrated at the Vatican to-day, when Monsignor Pietro Gasparri, Secretary of Extraordinary Affairs; Monsignor J. Archibishop of Rheims, and Monsignor Andrieu, Archbishop of Farselles, will be appointed cardinals. On December 19 a public consistory will be held, when the red hat will be imposed on Cardinal Rinaldi, former Papal Nuncio to Spain, and Cardinal Aguirre, Archbishop of Burgos, Spain, who were raised to the cardinalate at the consistory held last April.

Gov. Willson, at home from Frankfort, in an interview yesterday declared that violence in Christian county is ended and that people living there could go forward with their usual work or business without fear or restraint. Arrangements have been made, he said, for the immediate prosecution of the lawbreakers in that district and all the power of the State would be used to bring the guilty to speedy justice.

Both houses of Congress will adjourn Thursday or Friday for the Christmas holidays, and in the meantime little business will be done beyond the appointment of committees. The present intention is to extend the Christmas adjournment until Monday, January 6, but the date may be changed to January 1.

President Roosevelt and party left Washington on the Mayflower for Hampton Roads, where the President will give the command to Admiral Evans' fleet to start for the Pacific, and lead it out to sea, where farewells will be exchanged. The President will then return to Washington.

Seven firemen were injured, Frank Sova perhaps fatally, in the burning of the Sargis Produce and Cold Storage Company's plant in West Saginaw, Mich. The property loss was about \$40,000. Five of the firemen were caught under a falling wall.

Phyng that he was a cowboy and his four-year-old companion was an Indian at St. Joseph, Mo., Ned H. Starmer, aged eleven years, shot and instantly killed George Blakey, the two being alone in a room. A double-barreled shotgun was used.

The Relief Committee, of which Gov. Dawson, of West Virginia, is chairman, has issued a statement of conditions arising out of the Monongah mine disaster, and appeals to the public to contribute \$175,000 for the aid of the widows and orphans.

Louis B. Sternberg, a grocer, and his wife, of Kansas City, were brutally murdered by robbers. Sternberg's head was beaten to a jelly with an iron bolt and his wife's skull was split with a cleaver.

Adj. Gen. P. P. Johnston has mailed a report on his investigation of the night riders' raid on Hopkinsville. Gen. Johnston may go to Trigg county to make further investigations.

The report of the Commissioner General of Immigration and Naturalization for the year ending June 30 shows that 1,285,349 immigrants arrived, breaking previous records.

Secretary of War Taft probably will reach New York next Thursday. It is expected that he will leave at once for Washington to take up his duties in the War Department.

Seven transatlantic steamships arrived at New York after a rough passage. The Anchor Line Astoria broke down and was compelled to lay-to for twenty-four hours.

New York experienced another "blue" Sunday. The police say the saloons were closed. The only places of amusement open were those protected by injunctions.

Insurance companies are refusing further risks on tobacco in Western Kentucky, and some companies are ordering policies already in existence canceled.

Otto Schmitzler mortally wounded his landlady at Columbus, O., then shot Miss Myrtle Spence in the arm, and, putting the weapon to his own head, killed himself.

The steamer Mauretania made twenty-five knots an hour from Liverpool to Queenstown, and conditions are favorable for a record-breaking voyage to Sandy Hook.

New Orleans was almost a "dry" town yesterday. Only those known to the proprietors were admitted to saloons.

Col. John Jacob Astor, of New York, is ill with the grip, which threatens pneumonia.

The funeral of King Oscar of Sweden, who died December 8, will be held Thursday.

Arrangements Made For Speedy Prosecution

Of Law In Tobacco
Spe of Christian
Necessary.

GEN. JOHNSTON MAILED REPORT

Gov. Augustus E. Willson, who spent yesterday at his home in Louisville, feels very much encouraged over the situation in the dark tobacco district. He said yesterday afternoon that he had official advice to the effect that arrangements had been made for the immediate prosecution of the lawbreakers in the tobacco district, and that the power of the State would be used to bring the men who have broken the people's law to speedy justice, and to secure to all the people the complete and effective protection of the law.

Fears No Further Demonstrations.

Gov. Willson said that full and complete reports are now under way explaining the situation in detail. He declared that after investigations made by him and under his direction, and because of steps already taken to enforce and uphold the law, he felt authorized to say to all the people of the dark tobacco district that they need fear no further demonstrations or violence, and that they can go forward with their usual work and business, free from fear or restraint.

GEN. JOHNSTON SENDS REPORT TO GOVERNOR.

Judge Cook Willing to Call Special
Term of Court.

Hopkinsville, Ky., Dec. 15.—[Special.]—Adj. Gen. Philip P. Johnston burned midnight oil last night and spent a busy day ascertaining and sifting the details of the last night riders' outrage, and in preparing his preliminary report to Gov. Willson, which will be mailed to-night.

The Adjutant General's presence here is serving as a tonic on local spirits, and his emphatic assurance that the desperadoes will be tracked to earth and punished is received with confidence. The city and county officials have made it plain to Maj. Johnston that they are ready and eager to do their duty, and, inspired by the backing of Gov. Willson, will fearlessly and faithfully prosecute the cases.

In view of this expression from the authorities and considering the important information of the raid which he has been furnished with, Maj. Johnston is entirely optimistic concerning the outcome of the investigation. The Adjutant General is delighted with the excellent service that has been rendered by Company D, and repeatedly praises the officers and men for their endurance and training. He has specially commended Maj. Bassett and his troops in his report to the Governor and says they are deserving of the full gratitude of the citizens.

Special Term of Court.

In a telephone message to-night from Murray, Circuit Judge Cook stated that he was willing to order a special term of the Christian Circuit Court if one was deemed advisable by the people of Hopkinsville at any time that could be fixed not to conflict with his court schedule. He enters to-morrow under a special term of the Calloway Court.

Judge Cook says he doubts the expediency of an immediate session, as he believes there should be plenty of evidence in accumulation before the impending of a grand jury.

Maj. Johnston and Mr. Ayres will leave early to-morrow morning for Cadiz, when the investigation will be continued. The Adjutant General will confer with the Trigg officials and citizens. He may return here to-morrow night and may decide to visit other counties in the "black patch."

Wounded Night Rider Dies.

Fire Marshal Ayres has received authentic information that in addition to George Gray a man named Cook, not McCool, as first reported, was desperately wounded in the night riders' fight from Hopkinsville and has since died.

MILLION POUNDS DELIVERED.

Great Activity In Paducah Tobacco Market.

Paducah, Ky., Dec. 15.—[Special.]—Record-breaking deliveries of loose tobacco in Paducah continue, and this city leads the Western district in the amount of cash actually paid out during the last two weeks by the buyers. This is partly because only the Italian Regie has money on deposit elsewhere, while all the European buyers, the American Ship Company and some of the independent exporters cash here for deliveries. Receipts for two weeks are between \$60,000 and \$100,000 pounds, averaging about \$8.50 per hundred, a slight falling off. It is estimated that about \$45,000 have been paid out in the last two weeks.

COLUMBUS, O., DEC. 15.—Otto Schmitz- ler, a Hungarian tailor, to-day shot and fatally wounded Mrs. Caroline Webster, seriously wounded Miss Myrtle Spence, and then killed himself.

The tragedy occurred at the home of Mrs. Webster, a grocer's wife, where Schmitzler had a room. The latter had been out of employment for some time and was despondent. It is said Schmitzler was infatuated with Miss Spence and that his advances had been repulsed. Mrs. Webster was coming out of Miss Spence's room when Schmitzler fired at her as he stood in the shadows of his own room. It is believed he mistook Mrs. Webster for Miss Spence. As the first shot rang out Miss Spence rushed into the hallway and Schmitzler fired point blank at her, the bullet going through her arm and lodging in her breast. Schmitzler then ran back into his own room where he sent a bullet into his own brain and expired instantly. The bullet which hit Mrs. Webster penetrated near the heart and she is not expected to live. Miss Spence will recover.

CROWN PRINCE OF KOREA IN JAPAN

BRILLIANT SPECTACLE AS VISI- TOR IS WELCOMED AT TOKIO.

Tokio, Dec. 15.—The arrival of the Crown Prince of Korea and Marquis Ito this afternoon was made the occasion of a brilliant spectacle. Thousands of persons assembled at the Shinjiaz station, where the party detained. The Crown Prince of Korea was heartily welcomed by the Crown Prince of Japan in official dress, amidst salvos of artillery. The appearance of the party at the entrance to the depot was the signal for long-sustained cheering. He was driven to the Shinjiaz Palace, accompanied by the Crown Prince of Japan and Marquis Ito, along a route lined by imperial guardsmen. Flags were profusely displayed all over the city.

The Crown Prince of Korea will be received in audience by the Emperor of Japan December 18.

The arrival of Marquis Ito means the beginning of considerable activity in administrative and political circles. It is authoritatively stated that pressure is being brought to induce Count Inoue to return as Japan's representative at Berlin.

Baron Takahira is certain, however, of obtaining the Washington appointment. The Japanese Government is considering the increase of its forces in Korea in view of the activities of the Korean revolutionists and brigands. Twenty Koreans, members of a pro-Japanese organization, were murdered yesterday.

HEAD OFFICIALS UNDER ARREST

SHAH CALLED ON BY PARLIAM- ENT TO EXPLAIN HIS ACTION.

Tehran, Dec. 15.—Popular agitation against the delay in execution of soldiers who recently murdered two shopkeepers here reached a climax to-day in hostile demonstrations on the streets, forcing the Parliament to adjourn and the resignation of the cabinet.

The Shah ordered the arrest of the Premier, Nasser al Mulk, and the Minister of the Interior, Sani Dowlat, and Alla Ed Dewleh, the Governor of Shiraz. Parliament has demanded an explanation of the Shah's action and is sitting in Harman session until the answer is received.

It is supposed that the Shah is acting under the influence of the reactionaries, as he recently summoned two ex-Governors to his palace. The city is in a state of siege. The bazars have been closed and the palace, the legations and the consulates are under guard. Tribal cavalry and cosaks are parading the streets and the outlook is serious.

One man dead; one mortally wounded, a third badly shot and a fourth in jail, is the result of an encounter at Bethlehem, Clark county, Ind., thirty miles east of Jeffersonville, yesterday morning at 8 o'clock, between a posse of citizens and two shantyboatmen, who were believed to have stolen an overcoat and a pair of trousers from the home of Iva Scott, who lives in Trimble county, Ky., some three miles back of Oldham's landing.

ANCHOR LINER ASTORIA BROKE DOWN IN GALE.

GREYHOUND LA LORRAINE MAKES SLOW SPEED.

SEAS KEPT DECKS AWASH.

New York, Dec. 15.—Battered by enraging seas that delayed their passage across the Atlantic, seven transatlantic steamships, due here Saturday, crept into port to-day with their sides and superstructures showing evidence of the continual storms they met.

The belated Anchor Line steamer Astoria reached here after a stormy passage during which her machinery broke down and compelled her to lay to for twenty-four hours. Several coastwise steamers, bound south, were forced to anchor in Sandy Hook bay for shelter and called away to-day when the gale blew itself out.

La Lorraine, of the French line, which led the delayed transatlantic fleet up the harbor, bucked into heavy head seas which kept her decks awash. One day this ship labored heavily. Great waves of water bore down on the plunging steamer and Capt. Prager reports that the spray from the wave crests often concealed the foremast.

GROCER AND HIS WIFE BRUTALLY MURDERED

THIEVES USE IRON BOLT AND MEAT CLEAVER ON MR. AND MRS. LOUIS STERNBERG.

Kansas City, Mo., Dec. 15.—Louis B. Sternberg, a grocer in Kansas City, Kan., was killed and his wife, Mrs. Mattie Sternberg, was injured by unknown robbers, who attacked and robbed them in their store last night. The victims were not found until twelve hours later. An open can of sardines on a counter, a long iron bolt and a bloody meat cleaver near the bodies of Mr. and Mrs. Sternberg strongly evidenced how the crime was committed.

It is believed that the robbers asked for the sardines and as the grocer placed the open box before them they struck him on the head with the bolt and then beat his head into a pulp. The robbers then entered the living apartment and the wife of the store and attacked Mrs. Sternberg with the meat cleaver. She split open her head and knocked out one of her eyes, besides inflicting several brutal wounds on her body. She cannot survive the night. Sternberg, who was forty-seven years old, recently took \$500 from a bank and was secured about \$75.

FIERCE GALES SWEEP COASTS OF FRANCE

CRUISER ISLY DRIVEN ASHORE AT L'ORIENT.

Paris, Dec. 15.—Gales of hurricane violence, which have been raging in France for the past two days, seem to have spent their force in the north and are now central over Spain and the Mediterranean. The cruiser Isly has been driven ashore at L'orient and the three-masted tugboat went to pieces on the rocks at Biarritz directly in front of the hotel, the catastrophe being witnessed by thousands, including Premier Campbell-Bannerman. Four of the crew were drowned.

A number of fishing craft were lost in the English channel and the storm drove the shipping to the shelter of the ports. It virtually stopped the Anglo-French service, and the French liner La Bretagne, for New York, postponed her departure until to-day.

In Speaker, Cannon's Committee Assignments.

Sherley On Appropriations Or Ways and Means.

Ollie James Denies Bryan Favored Denver.

LOUISVILLE SUITED HIM.

Washington, Dec. 15.—[Special.]—Speaker Cannon will announce the House committee assignments tomorrow.

Ollie James, of Kentucky, who was prominently mentioned for a place on the committee, as well as Ways and Means, there will probably be changes on the committee, Representative Taylor, of Alabama, voluntarily relinquishes his place to take a position on Rivers and Harbors, Representative Livingston, of Georgia, represents the ranking Democratic member, Representative Bennett, of Kentucky, has been endorsed by the Republican members of the delegation for a place on the Public Buildings Committee. He will be reappointed on the Pensions Committee, and Representative Edwards also will be returned to the Invalid Pensions Committee. Representative Landey, of the Tenth district, is slated for a place on the Census Committee, with which branch of the Government service he is thoroughly familiar by reason of his work in the bureau for several years.

The Senate committee may be announced tomorrow, the Democratic leader, Senator Culberson, having completed his slate to-night. There are three vacant places on the Judiciary Committee, and Senator Paynter's friends are hoping that he will land one of them.

Bryan Not Against Louisville.

Messrs. Clayton, of Alabama, and Smith, of Arizona, members of the Democratic National Committee, who voted for Louisville as the place for holding the Democratic convention and on the second ballot came over to Bryan, say there is nothing in the report to the effect that it was Bryan's influence which caused the selection of the Colorado city.

Representative James, of Kentucky, who was in constant attendance upon the committee meetings, to-night made the following statement:

"The statement published that Mr. Bryan was antagonistic to Louisville as a city for holding the Democratic national convention and that it was his influence which kept the convention away from Louisville is absolutely and unqualifiedly false. Mr. Bryan is a member of the National Committee in casting his vote upon this question."

Charge a Surprise, Says James.

"It was a matter of great surprise here to read such a charge. I talked with Mr. Bryan in regard to the proper place to hold the convention and he assured me that he had no suggestion to make in regard to same and was entirely in the hands of the various cities contending for the honor, and that any place selected would meet his hearty approval. I know that no one can be found who ever heard Mr. Bryan say one word in opposition to Louisville. I feel satisfied of the fact that Mr. Bryan would have been delighted with the selection of Louisville, because, without exception, he has as many true and loyal friends in Kentucky as in any other State in the Union. Why it should have been thought necessary to invent this charge against Mr. Bryan I am at a great loss to understand."

To Save Engineer Corps.

Wholesale dismissals from the Engineer Corps of the Army by reason of the President's horsemanhood order are sought to be prevented through a resolution which will be introduced in the House tomorrow by Representative Richardson, of Alabama.

Richardson's bill provides that officers of the Engineer's Corps who are found physically unfit under the horsemanhood order, but are able to perform the duties required of them in connection with the improvement of rivers and harbors shall not be retired for such physical disability, but be retained as officers of the Corps and their duties limited to those required of such officers. Mr. Richardson finds that some of the army's best officers will be retired by the President's order, and this he seeks to prevent. This is especially the case in the case of the officers who have been detailed on rivers in that section.

The Forest Service will, it is understood, request Gov. Willson to recommend to the Legislature the passage of a bill creating a State Forester. Most States of the Union now have such an official. The bill will be drafted here and sent to the Governor, who is expected to ask its passage.

G. W. Castle, of Louisville, who for a number of years held a position in the Bureau of Printing and Engraving, was here yesterday visiting friends.

NEGRO WOMAN ACCUSED OF ROBBING AN AGED MAN.

Lena McElroy, colored, of 933 West Green street, was arrested yesterday morning by Patrolmen Lee and McDonald on a charge of grand larceny for an alleged robbery of Henry Sand, of New Albany. The two patrolmen were making their 4 o'clock patrol when they were approached by Sand about sixty-one years of age, who told

them that he had been held up and robbed of \$20 by the McElroy woman. Together with the old man, they went to the McElroy house, where they placed the woman under arrest on a charge of grand larceny. In the room they found \$20, which Sand claimed as his, but which the woman insisted belonged to her.

CUMMINS NOT BOTHERED BY THE PRESIDENTIAL BEE.

Iowa's Governor Says He Is Running For Senator and Will Not Be Sidetracked.

Des Moines, Ia., Dec. 15.—Gov. Cummins to-day referring to his suggested candidacy for the United States Senate nomination said:

"I have not thought of surrendering my candidacy for United States Senator. The suggestion about the Presidency is new here, although I have not heard of it. I do not intend to do anything that will take me out of the race for Senator."

CAPTAIN TELLS STORY OF LAWSON WRECK.

TERRIBLE SITUATION OF MEN WHEN SHIP FOUNDERED.

SPENT HOURS ON ROCKS BEFORE BEING RESCUED.

OBJECTION TO BIG SCHOONERS.

Hughston, Dec. 15.—Capt. Dow, of the wrecked schooner Thomas W. Lawson, to-day told a terrible story of his experience after being washed from the vessel.

When he found that his ship was driving on the rocks and nothing more could be done, he distributed life belts and gave orders to the men to save themselves if they could. He advised them to climb into the rigging, which they did, but the vessel soon broke up. He himself had two hours of awful suspense while struggling in the boiling sea before he was thrown on rocks, then another two hours of scrambling and crawling before he reached a place of safety, where he found Engineer Rowe. All day the two men crouched under the rocks, with heavy seas breaking over them and in danger every moment of being washed away.

Engineer Rowe told a similar story. Both the men were more dead than alive when rescued.

The wreck of the Lawson has occasioned some newspaper discussion on the advisability of building such ocean vessels. Although the papers grant that she had safely weathered the dangerous Atlantic passage, they believe that, owing to this disaster, no more schooners with as many masts are likely to be built.

Mrs. Minnie Neidhamer Shot At Twice and Her Husband's Dead Body Found In Yard.

Harrisburg, Pa., Dec. 15.—When Mrs. Minnie Neidhamer, who lives in Wormleysburg, a suburb, attempted to light a fire in an out-kitchen early today, some one shot at her twice, missing her both times. Immediately afterward two more shots were heard by the occupants of the house, and when they looked out the door they found the body of John A. Neidhamer, her husband, from whom she had been separated for some months, was found in the yard.

A bullet hole in his head, with powder marks above it, and because there were footprints that did not correspond with the shoes he wore the coroner's jury returned a verdict of death at hands of persons or a person unknown.

Sunday-Closing Order At Omaha Too Drastic.

Omaha, Neb., Dec. 15.—Those who came under the ban of the Sunday-closing order issued some time ago, to take effect to-day, observed the order in a half-hearted manner. Perhaps a thousand persons laid themselves liable to the law by declining to close their places.

Charles E. Fields, an active participant in the Sunday campaign, said that special detectives had secured evidence against a large number of drug stores, of which they had purchased whisky.

SALOONKEEPERS LOCK UP And Force Merchants to Follow Their Example.

Chicago, Dec. 15.—Chicago Heights, a manufacturing town of 15,000 inhabitants, thirty miles south of Chicago, was a "closed" town by common consent of its ninety saloon-keepers today. Not only were the saloons closed, but also the drug stores, confectionaries and news stands. The saloon men insisted that these places be closed in retaliation for the activity of the Municipal League, which body is waging an anti-saloon war.

PASSENGERS HURT WHEN CAR RUNS INTO SWITCH.

Several persons were painfully injured in a street-car accident at Seventh and Walnut streets shortly before midnight Saturday night, when an east-bound Walnut-street car, in charge of J. B. Bickner, a motorman, dashed at full speed into an open switch. Dr. J. H. Blackburne, of New Albany, who was riding on the car at the time, was offered a seat in the car, but declined to do so, and remained in the car, and was badly injured. Several other passengers were slightly cut by broken glass, and all were badly shaken. The car, however, escaped unhurt, although the glass of the front windows was shattered about him.

DEATH IN LOCAL HOSPITAL OF TENNESSEE MERCHANT.

James M. Kean, a merchant of New River, Tenn., who for several weeks attended a local sanatorium for sciatic rheumatism, died at the Deaconess Hospital Saturday night at 8:30 o'clock as a result of an operation performed upon his leg. Mr. Kean's wife and son, a lawyer, a partner in the firm of Kean, a lawyer of Huntsville, Tenn., were here at the time of his death. He had been suffering for two years, but the complications which resulted in his death were of recent date. His body was taken to New River last night.

TWO MEN BURNED TO DEATH IN MILL FIRE.

Manistiquia, Mich., Dec. 15.—The three hand mills of the Chicago Lumber Company were destroyed by fire here to-day, Henry Hummel, seed thresher, a night foreman, and Night Watchman Andrew Norton being burned to death. The property loss was \$100,000.

NO DRINKS

"BLUE" SUNDAY TO PLEASE THE STRICTEST.

THIRTY HAVE HARD TIME IN NEW ORLEANS.

SALOONKEEPERS GET EVEN.

New York, Dec. 15.—An enforcement of the Sunday-closing law and the demands combined to-day to provide a Sunday as "blue" as the strictest churchmen might wish. The amusement promoters, generally, kept their places closed, while an overcast sky, a damp chill in the air and bad walking shut in thousands, who, in lieu of entertainment, gladly would have found recreation in the parks. The restaurants were, as before, benefited by the changed conditions.

The theatrical men made no attempt to do the law, but they did not intend to form of a more liberal Sunday ordinance which they expect the Board of Aldermen to pass next Tuesday.

A few places of exhibition, dancing, acrobatics and roller skating rinks, which had been fortified by injunctions which forbade police interference, did business as usual, and an occasional arrest was made, but these cases were the exceptions.

The police to-day claimed to have kept the saloons also closed. A criticism of last Sunday's theater closing was that the saloons thereby attracted an increased business, and that the police were not particularly active in suppressing this form of Sunday law violation. Many excise arrests were made to-day in Manhattan and in Brooklyn.

JUDGE SPEAKS FROM PULPIT.

Kansas City Jurist Scores Police Heads For Not Enforcing Sunday Law.

Kansas City, Dec. 15.—Only two theaters, the Willis-Wood and the Majestic, respected the Sunday-closing law of Judge Wallace today. The manager of the Majestic has notified Judge Wallace that the Majestic will remain closed until the legality of the Sunday-closing movement is finally decided, and it is believed that Wallace will no longer resist the enforcement of the Sunday-closing order. All other theaters and amusement parlors were open to-day and Deputy Marshals again secured the names of alleged violators of the law. Judge Wallace today delivered an address from a pulpit in which he scored the Police Commissioners for refusing to instruct the police to co-operate with him in the Sunday-closing movement.

RATHER DRY IN NEW ORLEANS.

Saloonkeepers Cautious About Admitting the Thirsty.

New Orleans, La., Dec. 15.—To secure an alcoholic drink in New Orleans to-day was a task of no small magnitude. The saloonkeepers were generally closed, and those that were open were not particularly anxious to produce satisfactory proof as to intentions were admitted past saloon doors, many of which were otherwise securely locked. Some saloons closed entirely, and for the first time in several years the city saloons were completely closed.

INJURIES FATAL

Dr. J. Aud McCarty Died Yesterday Afternoon.

THROWN FROM HIS BUGGY BY FRIGHTENED HORSE.

YOUNG MAN HAD ATTAINED PROMINENCE AS PHYSICIAN.

THE FUNERAL TOMORROW.

Dr. J. Aud McCarty, one of the best known physicians in Louisville, died yesterday afternoon at 1:40 o'clock at St. Joseph's Infirmary on Fourth avenue near Chestnut street, from injuries received when he was thrown from his buggy directly in front of the Infirmary Saturday afternoon. His head struck the pavement and he sustained a fracture of the skull at the base of the brain. Dr. McCarty was carried into the Infirmary where Dr. A. J. Morgan Vance and several physicians who were in the building at the time, attended him at once.

Dr. McCarty's condition was never such that he could undergo an operation, as he was paralyzed from the chest down. He never regained consciousness after the accident and grew weaker until the end came yesterday afternoon with members of the family at his bedside.

Automobile Frightened Horse.

Dr. McCarty, accompanied by Mrs. McCarty, was driving north on Fourth avenue, between Broadway and Chestnut streets when the horse, which was a spirited animal, became frightened as a result of a gunshot wound in the side and Grima was thrown by the overturning of a boat. Both men were prominent in the club and social life of New Orleans.

TRAGIC DEATH OF PROMINENT MEN

G. HAWKINS NORTON AND WALTER GRIMA, OF NEW ORLEANS, LOST LIFE.

New Orleans, Dec. 15.—G. Hawkins Norton, customs agent for the Illinois Central railroad, and Walter Grima, a prominent young cotton broker, both lost their lives in a tragic manner to-day while members of a hunting party at the Rigolets, twenty-five miles from New Orleans, on the Louisville and Nashville railroad. Norton lost his life as a result of a gunshot wound in the side and Grima was thrown by the overturning of a boat. Both men were prominent in the club and social life of New Orleans.

ORPHANS' ASYLUM SOCIETY HOLDS ANNUAL ELECTION.

The members of the various branch societies in the German Catholic church in Louisville controlling the St. Joseph Orphan's Asylum, yesterday voted on the election of central officers for the ensuing year. The central officers have control of the asylum. The election yesterday resulted as follows: President, John Kupper, vice president, Joseph Hubbs, recording secretary, William M. Black, financial secretary, Edgar Hill, treasurer, Henry Michael. The installation of the officers will take place the second Sunday in January, at which time the annual reports will be submitted.

Schooner Augustus Welt Founders In Atlantic.

Charleston, S. C., Dec. 15.—The Clyde line freighter Mohican, arriving to-night from New York, brought in Capt. Marshall and crew of ten men from the schooner Augustus Welt, which foundered at sea yesterday morning. The Welt, which is a schooner of 1,100 tons, left New York on Dec. 10, for Charleston, S. C., with a cargo of fertilizer materials for Savannah. Friday night and Saturday morning heavy weather set in, and the schooner sprang a leak. Steam and hand pumps became choked with the surf from the cargo, and at 1 a. m. Saturday the Captain and crew took to small boats and lay astern until 4 p. m. The schooner's decks were then beach and she was settling, when the Mohican came along and picked up the men. The derelict, which may still be afloat, is directly in the track of coasters.

Doomed to Destruction.

Westerly, R. I., Dec. 15.—The sixteen men of the crews of the tug Hercules and her tow of four barges, which went ashore yesterday on Pleasantville beach, are recovered from their trying experience, but the condition of Mrs. Everett Mattson, the wife of the tug's captain, was reported to-night as serious. Mrs. Mattson is the wife of Seaman Mattson, of the barge Allison A. Sumner.

The storm was the worst seen on the Rhode Island coast for years. The beach is strewn with wreckage, and it is thought that not one of the five craft can be saved.

NEGRO MURDERERS CAUGHT AT KANSAS CITY.

Edgar and John Overton Will Be Taken Back To Tennessee for Trial.

Kansas City, Mo., Dec. 15.—Edgar and John Overton, negro desperadoes, are under arrest in this city and will be taken to Tennessee to-morrow for attempting to kill Sheriff John S. Evans of Lauderdale county, Tenn., while resisting arrest.

The two Overtons and a brother, Ruddy Overton, who has not been captured, on August 15 killed Riley Coleman at a negro picnic at Woodlawn, Tenn. They sought refuge at the home of their father, "Doc" Overton, and there Sheriff Evans, who was sent to arrest them, they fled at Evans from the house and the battle which followed the Sheriff killed Art Burnett, a brother of the Overtons, and was himself wounded nineteen times. He was taken to a hospital, where he died in a semi-conscious condition, ran away with him, saving his life. "Doc" Overton was arrested and placed in jail at Brownsville.

Edgar and John Overton, heavily shackled, are being taken in custody of Sheriff Evans, the man they wounded, and a deputy.

CHRISTMAS CHEER

Being Planned By Charity For Needy Poor.

BASKETS OF PROVISIONS AND CLOTHING FOR DISTRIBUTION.

SALVATION ARMY AND MISSIONS ACTIVE IN WORK.

TOYS FOR THE CHILDREN.

As Christmas day approaches and the small boy is counting the hours until Santa Claus arrives, the various charitable organizations of the city have their attention turned toward those needy and in distress and are preparing a great work among the poor of Louisville on that day. Adjt. Garland, of the Salvation Army, has about completed his plans, and has carried into execution, will make thousands of the city's unfortunate happy. It is the plan of the Salvation Army to first provide a good dinner to persons most needing it and it will be done on a larger scale this year than ever before. Taking five as the average number of the family, the Salvation Army will feed, by the distribution of 200 baskets, 1,000 poor people. But the great work of the organization is not over. Christmas day will not end in the distribution of baskets of food. Friday evening a Christmas tree will be provided for the children and such toys as can be afforded will be given away.

Shoes As Presents.

Monday evening at Beck's Hall, 123 West Jefferson street, 300 pairs of shoes will be distributed. The persons who shall receive the shoes will be limited to be for food and such toys as can be afforded will be given away.

No Toys This Year.

The Flower Mission has decided this year not to distribute toys among children. Mrs. George M. Warner said yesterday that the greatest need seems to be for food and such toys as can be afforded will be given away.

Gospel Mission Dinner.

At the Union Gospel Mission a dinner will be given at noon Thursday, and a Christmas tree for the children Friday night. In order to place the invitation where they will do the most good, only those who have been in attendance at the meetings of the Mission since the year 1906 are eligible to be provided. It is desired to keep all those who wait for occasions of day for one year and then to see at any other time and provide for those who have shown some interest in the work. It is believed that as many as 500 invitations will be given to the work, in order that plenty of food can be secured and of the variety that will suffice for the needs of the day. It will consist of turkey, cake, fruit, candy and such other edibles as are popular on Christmas day. The dinner will commence serving at 11:30 o'clock. DULL MARKET

And Lower Prices Rule In Wheat Pit.

BEARS GREATLY OUTNUMBER THE BULLS.

TRADERS LOOKING FOR BREAK IN PRICES.

CORN SALES CHECK ADVANCE.

[Correspondence of the Courier-Journal.]

Chicago, Dec. 15.—Heaviness and lower prices have characterized the wheat market during the week. There has been moderate pressure from large and small holders and increased selling by the bear interests, while the buying support was poor. Dull speculative trade, absence of export demand, favorable Argentine crop report and lower stock markets have been the chief items of depression. Professional speculators did the bulk of the business in wheat. Considerable stubbornness was developed whenever May wheat neared the \$1 point, and selling pressure increased in volume. The net losses for the week in wheat were: December 14c; May 1 1/2c; and July 1 1/4c.

Bulls and Bears Positive.

Lines are very closely drawn between the bulls and the bears in the wheat pit. Both sides are probably more positive than at any time on the crop. The bulls, however, are greatly outnumbered, popular sentiment running very strongly with the market in favor of lower prices.

One of the leading owners of wheat declares that the market is greatly overvalued and that the price is the lowest in the country, and that there was no point on the map from which wheat could be shipped to Chicago at a profit. He holds to the belief that both Canada and the Northwest has already marketed all the wheat that could be spared and that the constant falling demand for wheat in Chicago, some of it from as far south as Tennessee, indicates that there would be no flood of winter wheat here.

Decline Below \$1.

But, on the other hand, the traders who are bullish on wheat—and it is said that 95 per cent of the wheat—were looking for a decline below \$1. It is declared that there were no new bull arguments brought out. Some say the market is overvalued and that the price will be no good in it on the buying side until after the holidays. A majority of the traders are of the opinion that the bull leaders are doing nothing. It is believed that several large lines have been let go during the week without the trade in general knowing it. Another argument presented by the bears is that light speculative trade, the favorable Argentine news and the condition of the turn of the new year. After January 1, however, it is the general opinion that there will be a brightening up of trade.

The Crop Report of No Effect.

The Government crop report, which was issued Monday, was without noticeable effect on the market. The acreage was a little larger than expected, while the condition of the crop was a little lower. The total seeded acreage is less than 2 per cent more than that of the year before, and nearly 3,000,000 larger than was finally harvested. The States of large production have been a little smaller, and in some instances have given a little, while the falling off in States that produce no surplus.

Kansas and Nebraska have the same acreage that was seeded last year, while Nebraska and Illinois are a little more, and are sold by the market slightly less. Texas shows the biggest falling off of any of the ten largest producing States. The condition of 91.7 for the United States is 1.9 per cent less than the average of the last ten years. The indicated crop is 481,570,000 bushels, as against 507,000,000 bushels indicated December 1 last year and of 409,000,000 bushels actually harvested.

What Is the Matter?

The question that the traders are now asking is: What is the matter with the wheat market? This has caused much discussion, and it is said by some that the overvaluing by the bears and the unanimity of the trade on that side was one of the reasons for the break. It was also noted that price, as a rule, have been rebounded from the \$1 point every time of late. The bears said they saw nothing new about wheat that would warrant a trader going to an outsider and asking him to buy wheat, as the trade is overvalued. It is said that the same theories that it has been for the last three months. Most of the traders recall the earmarks of a bear market and are looking for it to break wide open at any time. They have expected it for three weeks, yet it does not come, and this is the stubbornness that puzzles them.

The few bulls that could be found say that the market is overvalued, and that the decline, the sharp reaction from breaks was attributed to the fact that the market was being taken off the market each day and there is being put on it, and it does not come, and it is said by the condition, they maintain, will assert its influence in time.

Foreign Markets Out.

Foreign markets are out of line for export business. Liquidation due to financial troubles and the difficulty in borrowing money has depressed prices of December in European markets so that they are from three to four cents below a working basis. Word was received from Kansas City by a local house Friday saying that the cash wheat situation there was getting very bleak. Exporters report that foreign prices were five to six cents out of line, while there were running only on half time and that situation is being corrected by orders. One Kansas elevator man reported that he had 100,000 bushels of wheat on hand, but that he was forced to sell at the present time to be compelled to let go for 85 cents.

The Corn Market.

Covering by pit and local shorts in corn was fairly well completed Friday. Shorts were fairly well covered, the previous evidence of congestion in the market and by the numerous unfavorable crop reports that were in from all directions. Official predictions were for a quiet week, but the weather forecast for the week, showing a continuation of the corn belt, this promising curbing of receipts Friday. Three negroes, two of whom are believed by the police to have been Eugene Bates and John Neal, were wanted in connection with the murder of Patrolman Simon Cannon, engaged in a pistol battle with Mounted Patrolmen Edwards and Hicks at Fourteenth and Magnolia streets at 8 o'clock last night, as a result of which the patrolman was killed and the two negroes were wounded in the arm and captured by the officers, but the other two succeeded in making their escape. The "Cabbage Patch," from which it is thought by the police the negroes were released, was a small building, the out-bound Illinois Central and Southern railway trains, was scoured by officers of the law last night in an effort to locate the two negroes, but to a late hour they had not been apprehended. Charles Wilson, another negro, was arrested along the railroad tracks near the Cabbage Patch, and shortly after the affray and was lodged in jail as a suspect.

Settlement of Cox and Jett Suite Ends All Cases Growing Out of Jackson Murders.

Lexington, Ky., Dec. 15.—[Special.]—Today has been much the day for the settlement of the amount of damages which will be paid by James Hargis and Ed Callahan in the suit against them by the heirs of Dr. B. D. Cox, which was postponed by agreement yesterday to be settled out of court.

A man who arrived from Jackson today said that it was reported that an agreement had been practically effected by which the Cox cases and the suit of Sam Jett against the Hargises for \$10,000 damages, which is now docketed at Paris, would be settled together by a lump payment of \$8,000, of which \$5,000 would go to the Cox heirs, and the balance to the Hargises.

Three negroes, two of whom are believed by the police to have been Eugene Bates and John Neal, were wanted in connection with the murder of Patrolman Simon Cannon, engaged in a pistol battle with Mounted Patrolmen Edwards and Hicks at Fourteenth and Magnolia streets at 8 o'clock last night, as a result of which the patrolman was killed and the two negroes were wounded in the arm and captured by the officers, but the other two succeeded in making their escape. The "Cabbage Patch," from which it is thought by the police the negroes were released, was a small building, the out-bound Illinois Central and Southern railway trains, was scoured by officers of the law last night in an effort to locate the two negroes, but to a late hour they had not been apprehended. Charles Wilson, another negro, was arrested along the railroad tracks near the Cabbage Patch, and shortly after the affray and was lodged in jail as a suspect.

There was nothing encouraging in the local market for securities during the past week. Important announcements were made by the Government of a discouraging nature. Louisville Traction common was adversely affected by the action of the directors in passing the January dividend at the rate of one cent per share, which compares with a bid of 81 last Saturday. Although brokers and speculators were generally pessimistic, there was no serious selling. It will be paid in April, buyers were outnumbered by sellers. The weakness in Traction had little effect upon the rest of the local market. The lower New York market was contributing factor to dullness and timidity upon the part of investors.

Cincinnati City Railway and Light company sold off to 37 in the early part of the week, settling up to 40 and 34½ asked. The rapid decline in the price of the small transactions would seem to indicate a limited floating supply. St. Louis United Italian

By the North American Company gave it a complete monopoly of the traction and lighting business of St. Louis and forthwith the city of St. Louis was sold to the city. The deal whereby the Clarke sold his holdings to the North American Company in 1890, the settlement of the city of St. Louis that the Clarke are to have the east side of the river free from the invasion of the North American Company, the city of St. Louis, to keep out of St. Louis. Such an understanding would also be beneficial to the East St. Louis and Suburban Company.

On the 15th day of May, 1891, Louisville Traction common continued heavy being offered at 75 and 76 1/2, with fifty shares wanted and interest was made for \$2,000 Louisville Railway 3 percent bonds, with an equal amount of common stock, was offered at 90 and 91. Louisville Railway preferred were wanted at 91 1/2 and fifty shares were offered at 92 1/2. No other lots were sold.

Compared with the tremendous decreases in net earnings with some of the trunk line railroads, the Chicago & North Western has held its ground. And it has maintained its earnings on a fairly steady basis, says the Wall Street Journal, which in its October 1934 issue noted a decrease in net, averaged \$188,600 monthly. And could stand a decrease of this magnitude without a loss of stock and still pay the interest charges and its dividends at the present rates, with \$5,000,000 to spare. In the last fiscal year, the company's net earnings were \$1,000,000, amounted to \$27,264,000, to which was added other income of a little more than \$1,000,000. The company's operating expenses were \$25,264,000, which were the heaviest the road has experienced on the present movement, were to continue throughout an entire year, they would reduce net earnings to \$2,000,000, or a net income of somewhat more than \$2,000,000. Last year the company's charges and dividends were \$1,000,000. The company's operating expenses, fixed charges, taxes, interest, etc. \$12,000,000. The company's net earnings, \$1,000,000. Common dividends, \$1,120,000.

Total requirements	\$24,500,000
Operating expenses	\$25,264,000

Thus, there is a margin of earnings between the road's present revenues and the 6 per cent, dividend of \$1,120,000, or a margin of \$1,120,000, or 100,000 a year. Last year's operating ratio was under 60 per cent, and at that figure the expense of \$25,264,000 would have reduced the road of gross earnings. It would probably take a severe financial depression, indeed, to reduce the earnings of the Chicago & North Western as much as that.

MARKET LETTERS.

New York.—The market was narrow and restricted in volume today. There is little inducement to trade, and the market is wholly in the hands of the professionals, who appear to be waiting for a more material improvement in the financial situation does not materialize, and money remains both there and abroad, show no signs of relaxation. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them.

(T. A. McInyre & Co. to E. E. Paine & Co.)

New York.—The market during the past week developed to Friday's close with 114,200 shares of the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them.

(T. A. McInyre & Co. to E. E. Paine & Co.)

New York.—The general financial and commercial situation and outlook of the country is not so bright as it was some weeks ago. There are too many of our eminent financiers and statesmen of economic conditions or financial writers have been predicting. The market has been so liberal to the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them.

(T. A. McInyre & Co. to E. E. Paine & Co.)

New York.—The stock market was dull today and seemed to have been sold to a standstill. The market was so liberal to the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them. The market for the U. S. bond interests and dividends to be taken care of, the banks will be more inclined to call in loans than to extend them.

tionally no change. The bank statement was decidedly good, all things considered. On the future of the stock market, this much seems certain, that there will be no more of the kind of back, unless some new element enters into it, which will work with a comparatively narrow range for some days yet, but will be held by the normal investment demand due to accumulating surplus funds.—C. I. Hudson & Co., to S. C. Henning & Co.

New York.—The market was extremely dull, with hardly more than a point fluctuation in the most active issues. There was continued pressure on Sugar and Union Pacific and Southern Railway were offered rather freely, as shown by the statement issued yesterday. There appears to be some liquidation in and N. Y. probably because of unfavorable stock legislation and the form of the last Atlantic Coast Line dividend. The trade to-day was to a great extent professional and the element seems to be temporarily bullish owing to the apparent lack of vigorous support on the part of the most important investors. There should be an upturn Monday, provided there are no unfavorable developments meantime.—A. O. Brown & Co. to Hunt, Bridgeford & Co.

New York.—The recent statement of the secretary of the Treasury shows that the deposits of Government funds in the banks have reached \$24,000,000, the highest point on record, and more than \$100,000,000 beyond the receipts before the crisis at the end of October. Gold imports, according to customhouse figures to date, amount to \$4,000,000, and the Treasury has the larger increase in circulation by the banks, make a total which must soon begin to make itself felt in money conditions throughout the country. The prospect for easy money before long, therefore, is good, but we are evidently in for a period of contracting business and decreasing earnings which may lead to a further contraction of the money supply.—A. O. Brown & Co. to S. C. Henning & Co.

STOCK MARKET REVIEW.

New York, Dec. 14.—Money on call nominal. Time loans quiet; sixty days 12 per cent; ninety days 10 1/2 per cent; six months 7 1/2 per cent. Prime mercantile paper 7 1/2 per cent. Sterling exchange, with actual business in bankers' bills at \$14.00 per \$100 for demand and at \$14.07 1/2 for sixty-day bills; commercial bills \$14.02 1/2 to \$14.05. Government and railroad bonds steady.

A brief demonstration was made against the market at the opening to-day, but the rest of the brief session was given to the moderate losses then inflicted. On only a few stocks was the decline enough to call for notice. The market was given to moderate trading operations. The action of several stocks which have recently been market factors received the attention of the day's trading. The market rallied easily when the hours found they were not bringing out any long losses.

At present, the market is not in a position to meet with success, which caused the early abandonment of the movement. Recent week features, such as American Sugar, New York Central and the Union Pacific, were the most prominent in the early decline, but they, in common with most other stocks, subsequently recovered fully.

Most of the limited business originated on the floor and when the market settled into a state of moderate trading, the day's business was small. To-day's bank statement bore out the optimistic view entertained yesterday regarding the expected showing and the more general uplift in prices at the close to-day was due to this belief. With a contraction in the deficit of over \$4,000,000 and a gain in the deficit of \$4,000,000, the market was slowly reached a level at which the question of the retirement of clearing-house certificates was agitated.

Bank Clearings.

AT EIGHTY-FOUR

Capt. John Hahn, Civil War Veteran, Succumbs.

COMMANDED SEVENTH INDIANA LEGION ARTILLERY BATTERY.

MEN OF NEW ALBANY CHURCH AS CHEFS AND WAITERS.

DINNER TO-MORROW NIGHT.

Capt. John Hahn, an old resident of New Albany, died yesterday morning at his home, 515 East Oak street, that city, of pneumonia after an illness of less than a week. He was a native of Germany, having been born eighty-four years ago, but had lived in New Albany for more than sixty years. He is survived by five children, four sons and a daughter. They are: John T. Hahn and Miss Elizabeth Hahn, of New Albany; Joseph, Frank and Edward Hahn, of Chicago.

During the Civil War Capt. Hahn was captain of a battery of artillery attached to the Seventh Indiana State Legion and served for some time on garrison duty at West Point, Ky. While there he and his company were enlisted in a Michigan regiment. He was for two terms Sheriff of Floyd county, at New Albany, and was Township Trustee for one term. He was greatly esteemed by a large circle of friends. His funeral will take place to-morrow afternoon from the family home.

SUNDAY-SCHOOL WORKERS Take Preliminary Steps to Organize In New Albany.

A meeting of the Sunday-school superintendents of New Albany and their assistants was held yesterday afternoon at the Y. M. C. A. parlors in that city. It was held for the purpose of organizing a Sunday-school workers' association, and a number expressed their willingness to become members. After a thorough discussion of the object of the association, there was an adjournment until December 23, when officers will be elected.

The purpose of the association is to promote the Sunday-school interests of the city in order that it may be made more effective in reaching all the people. It is expected that the association will conduct teachers' training classes and there will be special lectures for the better preparation of the teachers who have in charge the children of the city.

COOKED AND SERVED BY MEN.

Unique Dinner To-morrow Night at Second Presbyterian Church.

The men of the Second Presbyterian church at New Albany will give a turkey dinner at the parlors of the church to-morrow night. It promises to be one of the most successful affairs of the kind ever held in New Albany. Eleven turkeys will be served, together with all the trimmings and accessories. A score or more of the prominent men of the church, representing business, manufacturing, banking and manufacturing, the guests will certainly be well served. The affair will have no pretensions from the ladies, who are somewhat incredulous as to the ability of the men. During the evening a delightful musical programme will be given.

ON CHARGE OF ROBBERY.

Charles Overton, Arrested Here, Will Stand Trial In Indiana.

Charles Overton, charged with having been implicated in the burglary of John J. Morgan's clothing store, in New Albany last May, was arrested in Louisville Saturday night and taken to New Albany yesterday morning by Serg. Adams of the police force of that city. He will be arraigned in the Floyd Circuit Court to-day and his trial will be held as soon as possible, although it

may be continued until next term, as the jury has been dismissed.

Everett Overton, arrested several months ago, was sentenced to from three to twenty-one years in the State prison. At the time of the burglary the men, Overton and Overton, are said to have been coming out of the store of the store by Capt. Thomas Smithwick, the merchant policeman, who chased them several blocks, firing half dozen shots at them, but they outran him and made their escape.

ROAD SUPERVISORS' ELECTION Marked By Spirited Contest In Fourth New Albany District.

The election of road supervisors in New Albany township, outside the city, resulted in the selection of J. L. Richardson in the First District, Frank Scharf in the Second, Philip Adolph in the Third, James Cochran in the Fourth and Henry Handy in the Fifth. The contest in the Fourth district was an exciting one, there being four candidates and ninety-six votes were cast. Cochran was elected by a plurality of one. Although the fight was so close, there is no talk of Cochran's election being contested. The place pays \$2 a day, but the incumbent is not allowed to put in more than sixty days in a year.

ITEMS OF INTEREST FROM NEW ALBANY.

—Officers for the ensuing year will be elected to-morrow night by Pythagoras Lodge of Masons.

—Nellie Keanette, daughter of Allen Green, died at the home of her parents on Hildred street, yesterday, of pneumonia.

—Mrs. Allen Wright and her children, Purdette and Alena, will leave to-morrow for Yazoo City, to visit her father, Mrs. Stephen Barrow.

—An initiation will be held by New Albany Lodge of Elks at the home on Pearl street, to-morrow night, after which there will be a social session.

—Furness Loft of Haymakers, of this city, will go to Louisville to-morrow night to institute Yosemite Loft at the wigwam, Eighteenth and Kentucky streets.

—The Board of Directors of the Highland Country Club has arranged to hold a New Year's reception at the clubhouse on the Silver Hills west of the city.

—Q. W. Schneider, foreman of the Monon repair shop, had his foot badly crushed Saturday, and is laid up at his home, 315 East Oak street.

—The body of Mrs. Lida Kremer, who died at San Francisco last week, left that city yesterday evening, and is expected to arrive here this evening or to-morrow.

—Resolutions protesting against the passing of the Parson Post Bill have been forwarded to Senator James M. Hemenway by the Protective Association, of this city.

—Tuesday night, December 24, a Christmas entertainment will be given in the United Brethren church, at Edwardsville, five miles west of the city. A fine programme has been prepared.

—The Rev. Frank W. Grossman, pastor of the First Presbyterian church, will leave to-day for Robolett, Hamilton county, where he will preach nightly during the week in the Presbyterian church.

—The body of Capt. David L. Wright, who was found dead in bed at Indianapolis, was brought to Salem, his birth place, Saturday for burial. He was seventy-one years old, and was a soldier of the Civil War.

—Services are being held nightly in Pontecorvo Mission, 408 Pearl street, in Operhouse block, continuing until December 22. These meetings are being conducted by the Rev. Andrew Johnson, of Wilmore.

ESCAPED CONVICT

Still At Large and No Clew To Whereabouts.

CRUSADE AGAINST RABBITS BY FORESTRY BOARD.

JEFFERSONVILLE POLICE ON LOOKOUT FOR THIEVES.

WELL-KNOWN JEWELER DIES.

Not the slightest information was received yesterday by the officials at the Indiana Reformatory in Jeffersonville that would tend to give a clew as to what has become of Roy Williams, who escaped from the institution on Friday evening by going over the wall with a rope. Supt. Whitaker has notified the Indianapolis police to keep a sharp lookout for the missing convict, as it is believed possible that he may go to that city for the purpose of securing a sum of money that is due him from the estate of his grandfather, who died in Morgan county, Ind., some time ago. The estate was settled recently and there is a considerable amount coming to the boy fugitive.

The theory has been advanced that Williams planned his escape, as he could get his money, but this is not likely as he is not of age and the funds would have to be paid over to a guardian. It has been reported that the amount due Williams is \$7,000, but it is claimed the estate has been in litigation and that debts absorbed a good part of it, which has cut the young criminal's share down to a few hundred dollars. Williams is wanted in Martinsville, the county-seat of Morgan county, for the charge of stealing chickens, and it is hardly believed he would go there.

—The arrest of Williams, that resulted in him being sent to the Reformatory on the charge of entering a house to commit a felony, was not of the ordinary kind. On July 14, of this year, the home of George Chappell, 436 Madison avenue, Indianapolis, was broken into by a burglar who stole a few hundred dollars. Williams is wanted in Martinsville, the county-seat of Morgan county, for the charge of stealing chickens, and it is hardly believed he would go there.

WAR OF EXTERMINATION

Being Waged Against Rabbits By Indiana Authorities.

W. H. Freeman, secretary of the Indiana State Board of Forestry, has begun a war of extermination on the rabbits that are playing havoc with the young trees at the forest reservation near Henryville, twenty miles north of Jeffersonville, and he will endeavor to get rid of them by the end of the year.

Mr. Freeman planned to get rid of all the rabbits by having a grand hunt that it was expected would be participated in by people from as far north as Indianapolis and as far south as Louisville, but this did not prove the success that was expected, although several hundred rabbits were slaughtered.

This year has worked out a new scheme. At a meeting of the State Board of Forestry on the grounds a few days ago surprise was expressed at the amount of damage being done by the little animals, and various methods of getting rid of them were discussed. The question finally being left to Mr. Freeman. He has contracted with a hunter to put the rabbits to death by one cent each and all that are killed will be taken to Jeffersonville and Louisville to be sold. It was found to be undesirable to hunt the rabbits with guns, and it was decided to use old-fashioned snares. Sixteen persons are now located on the grounds, looking after the traps, and many "cotton tails" are being caught nightly.

It is said that the rabbits have done more harm to the reservation than all other conditions combined, and it is estimated that one healthy bunny will ruin a dozen young trees in a night. Before the rabbits, hunters who were permitted to go into the reservation after game, caused the greatest damage through filling the young trees with shot, starting their growth and in many instances killing them.

Reason guns were ruled off of the reservation and the old-time snare with an apple for bait was adopted.

HORSE THIEVES Believed To Be Headed For Clark County, Ind.

Sheriff John S. Pernet and Capt. M. E. Clegg, both of Jeffersonville, were asked yesterday morning to be on the lookout for two men driving a pair of good horses, one a sorrel and the other a bay, which was a fine buggy, and having been stolen from Henry Patterson, a prosperous Clark county, Indiana, farmer, who lives near Warsaw, Ind. The alleged thief was committed at Bethlehem, where Patterson had gone on Saturday evening to do some shopping.

It is supposed that the thief was a bold one and is supposed to have been committed by Louisville talent.

With the Louisville and Cincinnati packet arrived at Bethlehem on the up trip Saturday night about 8 o'clock two strangers got off the boat and their presence was noticed by the residents of the town, it not being a usual thing for strangers to get off at that place.

Patterson's team at this time was hitched near Pernet's store, but a few minutes later it was found to be gone. Almost the entire town went out to search for the team and thieves, and the horses and vehicle were tracked to New Washington, but there all trace was lost and it is not known what route was taken from there.

When the news of the theft was a bold one and is supposed to have been committed by Louisville talent.
